

POLYCARBONATE REPLACEMENT COVERS

REPLACEMENT COVERS FOR USE WITH POLYSTAR® AND POLYSLIM™ POLYCARBONATE ENCLOSURES

Stahlin's polycarbonate replacement covers are designed for Stahlin's PolyStar and PolySlim enclosures when a replacement or spare part is required. They are impact resistant, provide superior environmental protection, and can be easily installed without the use of tools or hardware by utilizing the enclosure's self-guiding arrow and hinge barrels for alignment.

INNOVATIVE FEATURES

- + Designed to be used as a replacement or spare cover
- + Available in sizes up to 24 x 24 in Opaque and Clear Cover Options
- + Impact Resistant Polycarbonate Material Construction
- + Aesthetically appealing finish
- + Simple and easy to install without the use of tools
