ATTABOX® BLACK SERIES

STAHLIN®
A ROBROY Brand

THE MOST INNOVATIVE, DURABLE, AND RELIABLE POLYCARBONATE ENCLOSURES — NOW AVAILABLE IN BLACK!

The new Stahlin AttaBox enclosures in black provide superior environmental protection and enhance installations. Ideal for the promotion of OEM products, they can blend in with surrounding equipment or stand out and improve aesthetics.

SUPERIOR PROTECTION AGAINST

- RAIN, SLEET & SNOW
- SPLASHING & HOSE DIRECTED WATER
- SUBMERSION
- SUN/UV
- FLAMES

APPLICATIONS

- Extremely tough and durable, AttaBox Black Series enclosures are used in both indoor and outdoor applications. They provide superior environmental protection for customer equipment.
- Ideal for the promotion of OEM products and either blend in with their surroundings or command visual attention in applications where improved aesthetics are desired.

BENEFITS

- Appealing aesthetics and increased visibility to improve customer promotion and branding
- Versatile, innovative features including a panel management system maximizing internal space, T-slot design for side wall mounting, and octagon mounting feet allowing for unique angling and git with equipment.
- Impact and corrosion resistant design with full polycarbonate material construction.

INNOVATIVE FEATURES

- AttaBox is now available in black color as standard in 12" x 10" x 6", 14" x 12" x 6", and 16" x 14" x 8", opaque or smoked clear cover configurations!
- Lightweight, high-impact rated polycarbonate material construction with molded-in color that will not chip or scape away.
- Aesthetically appealing glossy finish.
- Innovative panel management and side mount capabilities allows full use of interior space to maximize component placement and design flexibility.
- Cover options include opaque or clear with smoke tint.
- Available with black polycarbonate or stainless steel latches.
- Fully non-metallic hinge does not penetrate inside enclosure.
- One solution enclosure can be configured as a screw cover or hinged cover.
- Thick, robust side wall construction eliminates side wall flexing.
- Built in DIN Rail mounting embosses in the back of the enclosure.
- Sliding T-Nut allows for infinite panel adjustment.
- Four mounting feet, cover screws, mounting caps, back panel screws, and washers included.
- Multi-directional mounting feet allow mounting flexibility.
- Back panel and swing-out panel mounting options available.
- Custom digital printing and modifications are available upon request through our value - add ModRight program. *Please consult factory.*
